# AL-MAVINEEN 2021-22

## IN THE LAST 10 YEARS

**Al-Mavineen** has collected **Rs.10 Crore** as **donations** from the people to **help** the **poor** and **needy** at **Baramulla**.

The money has been spent on economically disadvantaged sections of the **society** on the **humanitarian grounds** irrespective of **caste, creed, colour** or **religion**.

We have **taken care of the needs** of economically **weak students, poor families**, and the **people** hit by the diseases and disasters.

## **CALL FOR DONATIONS!**

A donation of **Rs. 40 lac** will help us to support the **658 families** for **next 4 months**. If we fail to raise the donation, **the poor will suffer**, the ailing will deteriorate, the students will lose education, the emergency relief will be halted, and the **orphans** and **widows** will **remain unattended**.

It is time to **prove** again that we will **donate** to **bring smile** on the **faces of the needy**.  
Remember, charity never makes you poor.

## IN SERVICES OF THE VICTIMS OF NATURAL CALAMITIES

- Anticipated Income
- Anticipated Expenditure

The **anticipated expenditure** for the current year is **Rs. 200 lac**, which exceeds the anticipated income of **Rs. 160 lac** by **Rs. 40 lac**.

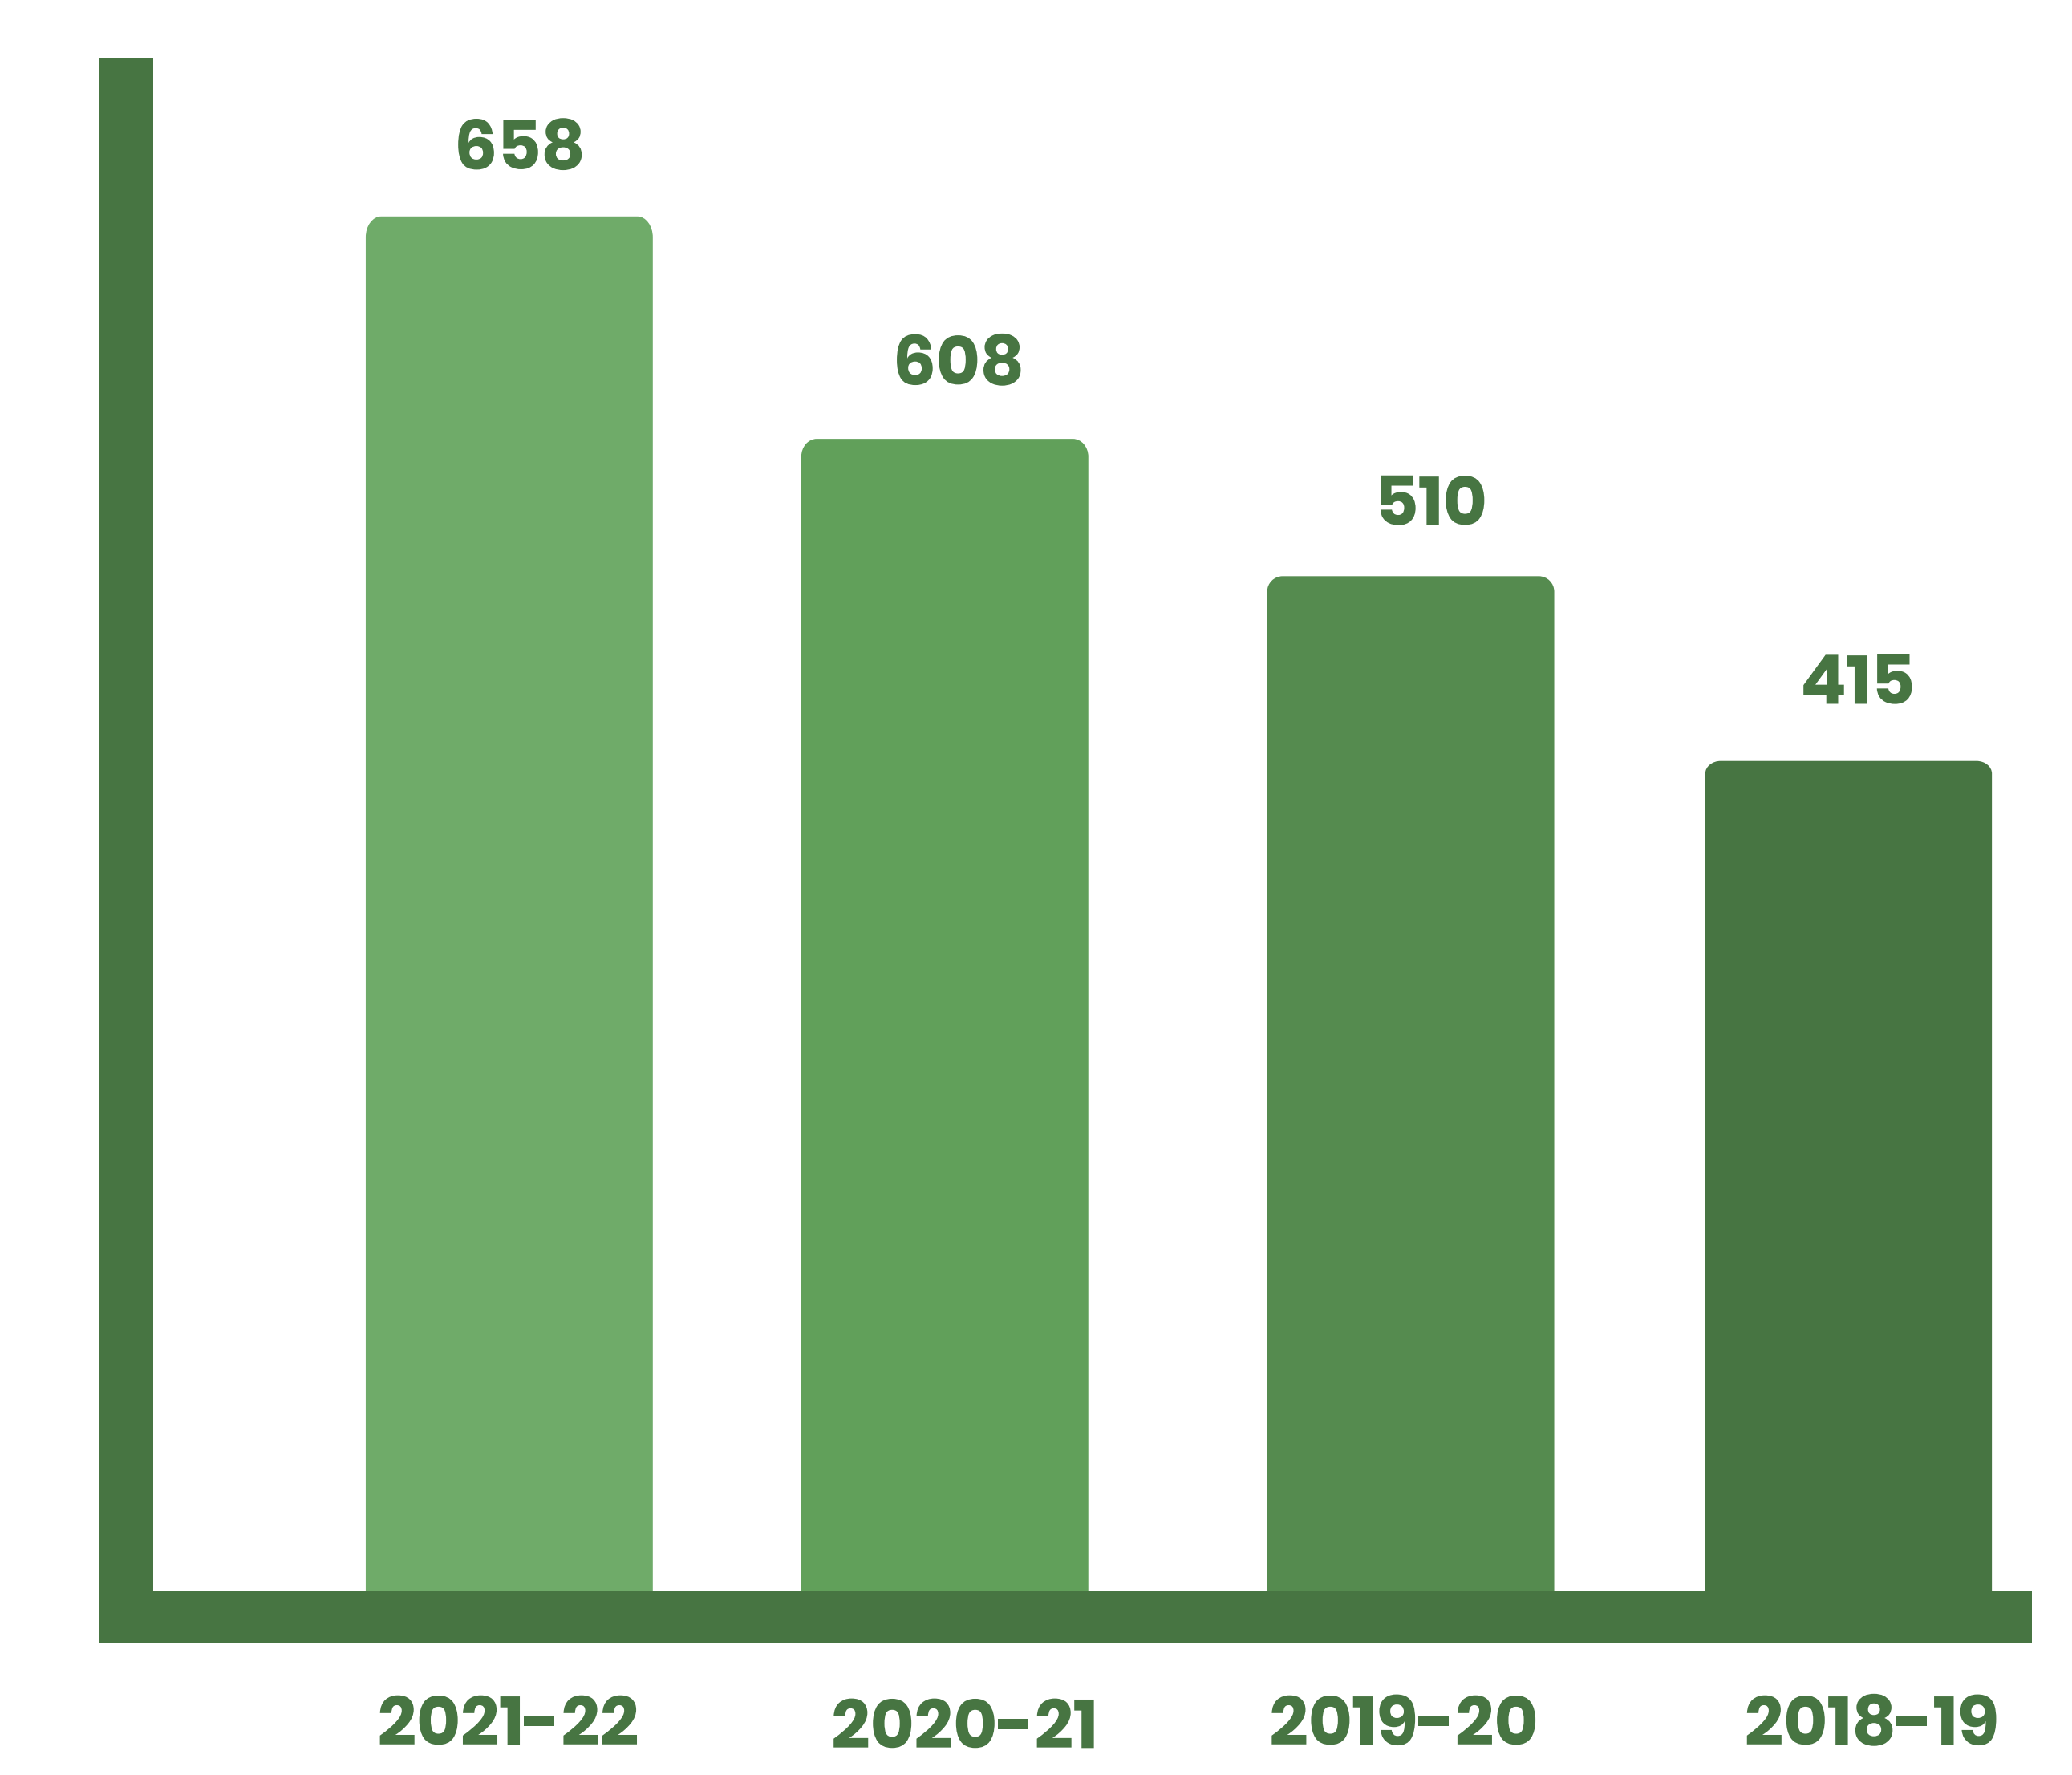

## OUR CONCERN?

To meet the needs of **658 families** in the ongoing financial year, **Al-Mavineen** needs a total sum of **Rs. 200 lakh**. However, we have only been able to generate **Rs. 150 lakh** till date, and the routine collection would amount to a maximum of **Rs. 160 lakh**. Therefore, we are faced with an acute shortage of funds to help those who need it the most. It is urgent to generate **Rs. 40 lakh** to **meet** the needs of the **poor** and **needy** in the **current financial year**.

## COST OF THE PANDEMIC!

**Covid-19** has pushed **143 million** to poverty and **163 million** people to extreme poverty in the world. Our society has also seen a **rise in people** facing **economic stress** under prevailing circumstances.

At the local level in **Baramulla** town, **Idarah Falahudarain** had only **415** economically distressed families to **support** in **2018-19**, but **Covid-19** and other factors increased this number by **60%**, making it **658**.
